carbon
PRODUCTION GMBH

WHERE **QUALITY** IS FORMED, **PERFORMANCE** ARISES

ADVANTAGES OF CARBON FIBER

- Lightweight
- Robust - high stiffness and strength
- Corrosion resistance
- Low coefficient of thermal expansion (CTE)
- Low thermal conductivity
- Aesthetic design

NO NEED TO SLOW DOWN **TO COOL DOWN!**

BRAKE COOLING PLATES

These high quality carbon fiber brake cooling plates lead air into the bell, resulting in a temperature decrease of up to 200°C.

E36 AG / M3
E46 AG / M3
E9X AG / M3 / 1 Series M Coupé
F8X M2 / M3 / M4
G8X M3 / M4

BRAKE DUCT KIT

Carbon fiber airducts that supply the brake cooling plates with fresh air through the front or the undertray of the car.

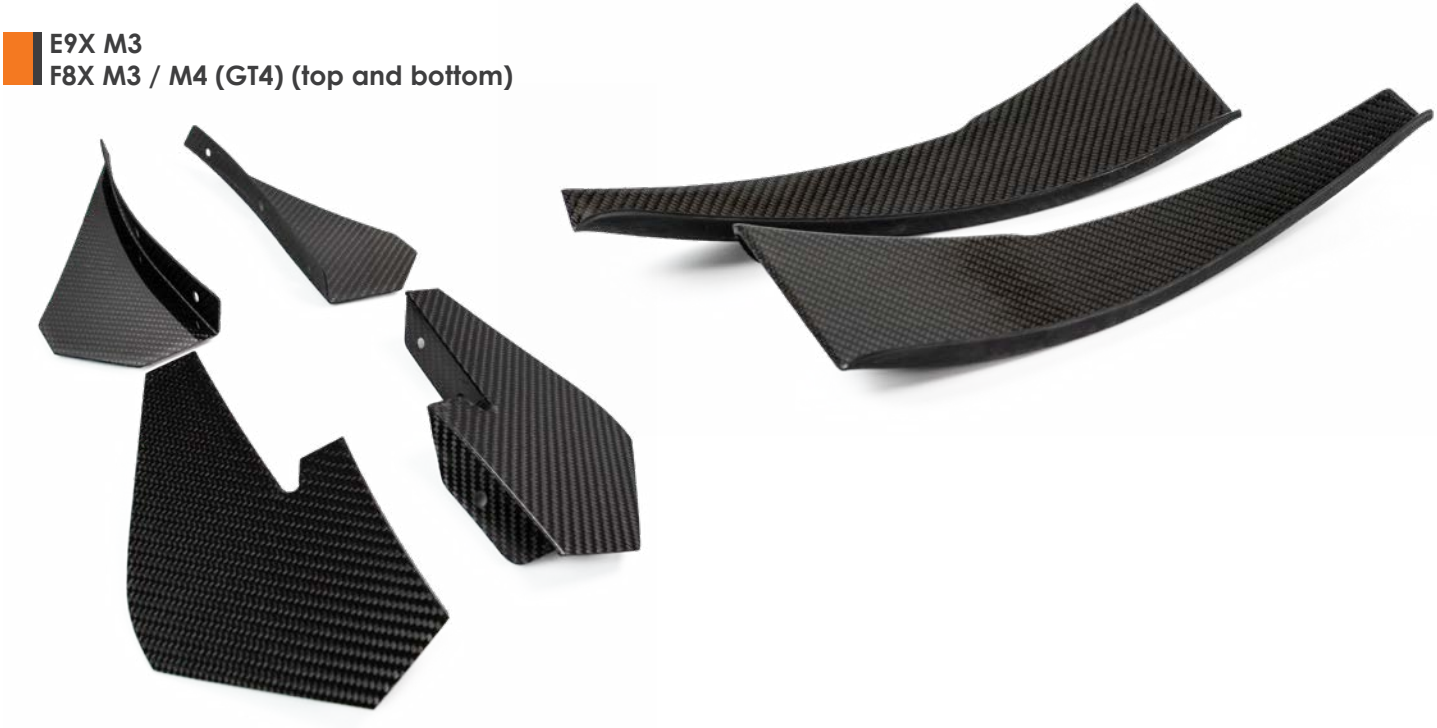
E36 AG / M3 airduct inside and fog light delete
E9X M3 undertray airduct

WHEN LOOKS MEET **SPEED**

AERODYNAMICS WITH CANARDS

Improve your aerodynamics and benefit from significantly increased downforce at the front axle.

E9X M3
F8X M3 / M4 (GT4) (top and bottom)



REAR WING

These carbon fiber rear wings are guaranteed eye catchers, while significantly improving your performance. At an angle of attack of 30°, the rear wing generates a downforce of approx 1750 N (180 kg / 397 lbs).

E46 M3
E92
F8X M3 / M4
G8X M4
And any more

AVAILABLE IN TWO VARIANTS:
GTS Style - 122 x 22 cm / 48 x 8.7 inch (high or low mount)
GT4 Style - 140 x 22 cm / 55 x 8.7 inch (high or low mount)

INDIVIDUAL **CARBON** COMPON

INDUSTRIAL VIDEOSCOPES

Not only automotive parts, but also automotive inspections. We provide high quality housing for viZaar industrial imaging AG, one of the leading industrial videoscope manufacturers.

Their confidence in our quality manifests in lifetime warranty on the carbon components of viZaar videoscopes!

Carbon production GmbH

Your Partner for High Quality Composite Performance Parts

- Over 20 years of experience in automotive, defence, aviation & aerospace
- OEM supplier
- Precise and handmade composites
- Certified material for automotive, aviation and aerospace
- Individual production - single custom solutions to serial production
- **Made in Germany**
